

### Local Firm Announces Net Earnings Increase

Harvey Aluminum (Incorporated) net earnings for the nine months ending June 30 are up 17.3 per cent above the like period of 1959, Lawrence A. Harvey, chairman, said.

He indicated that profits for the last quarter are expected to continue at this same rate of increase.

In the 1960 period, sales amounted to \$42,627,955 for a net income of \$3,679,377. For the nine month period last year, the company reported sales of \$46,394,330 and a net income of \$3,137,310.

The company is presently expanding its fabricating and aluminum reduction facilities. Completion of this program will result in increased revenue for the coming fiscal year, Mr. Harvey said.

## Students Enroll In 'Jump Club'

Youngsters at the Torrance YMCA are having their ups and downs aided by the Trampoline Club.

The YMCA is continuing its summer trampoline program so that more children may learn the right way to jump on the canvas, Mrs. Penny Thomas, professional instructor, announced. She continued that students are being enrolled this week for the session starting Aug. 8.

Boys and girls, eight and over, are eligible to join the club. The fee is \$2 for five lessons of two hours each. The classes are limited to fifteen to enable individual instruction. "Those interest-

ed should enroll early," Mrs. Thomas stated. The hours of the Trampoline Club are from 2 to 4 p.m. Monday through Friday. Further information can be obtained at the Torrance YMCA at FA 8-1272.

### Cost of Carelessness

If the economic loss resulting from automobile accidents in the United States last year had been averted, the savings could have financed enough new hospital facilities to accommodate 300,000 bed patients, or 240,000 new schoolrooms which would seat a minimum of six million students.

JUMPING FOR JOY—Torrance youngster James Thomas practices his trampoline techniques under supervision of instructor Mrs. Penny Thomas, who is teaching the course at the Torrance YMCA this summer. Classes are now open for enrollment.

## Narbonne Student Enrolls in Honor Summer Course

Rubbing elbows with artists of the Los Angeles County Art Institute, Jesse Gutierrez of Narbonne High will be among the 82 seventh through 12th grade students to receive a summer art course through sponsorship of the Tenth District Parent-Teacher Art Scholarship group.

Gutierrez, 16, is in the senior group at the institute. He is studying with 29 other art enthusiasts. He mentioned that he usually works on one painting daily, studying work with oils, learning how to blend them, practicing composition, and studying texture. The group also practiced on life drawing.

The Torrance youth, living at 1034 W. 227th St. for two and a half years, mentioned that he has studied art for two years, since his freshman year, but "before that, I just doodled around."

Following graduation, Gutierrez plans to attend Long Beach State for two years.

"I might play football there," followed by four years at the County Art Institute.

Youths participating in the art course were selected from high schools and junior high schools in the Los Angeles City School system for these awards.

The six week course, now in session, is under the instruction of Joseph Mugnaini, artist and book illustrator, and painter Robert Frame. Two and one-half hours of painting and one-half hour lecture comprises the day. The course is designed to give young students a cross section of the various facets of art training—from drawing to design—using oil and tempera.

By association with working artists, students see and appreciate the vital part played by art in today's industry and home life.

The work of these young artists will be on display in the auditorium of the Los Angeles Tenth District PTA

Health Center, 333 W. 22nd St., from Sept. 6 through Oct. 7.

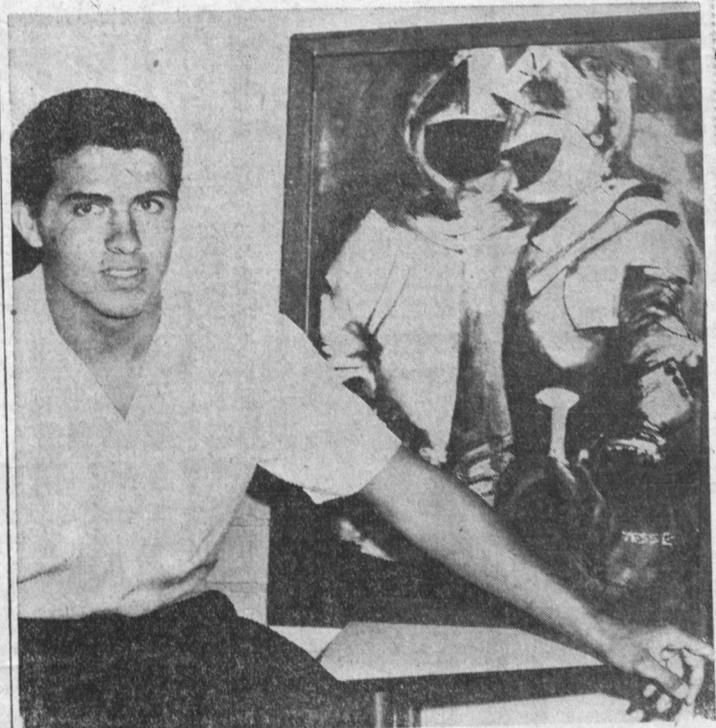

### Teenagers Slate Catalina Visit

A voyage to picturesque Catalina Island for Torrance teenagers is planned today by the Torrance Recreation Department.

A bus will leave the department headquarters, 1511 Crenshaw Ave., at 9 a.m., for transportation to a swift motor cruiser that will speed the group to Avalon.

On the island, the youths may visit the bird farm, swim in the waters of the bay, travel on a glass-bottomed boat, or participate in other activities offered at the resort.

Use Press classified ads to buy, rent or sell. Phone DA 5-1515.

STUDENT ARTIST—Jesse Gutierrez, student at Narbonne High School, displays samples of his studies at the Los Angeles Summer Institute of Art, sponsored by the high school district's PTA's. Gutierrez is in a class of 30. His summer classmates are students selected from each high school in the district.

**Torrance Youth Attends Summer Music Project**

Betty McCumsey, 13, 1005 W. Fiat, Torrance, will attend a California-Arizona-wide summer music camp at Monterey Bay, California, Aug. 7 to 17.

The Torrance youth will join 170 music-loving students at the Second Annual Pacific Union Conference Music Camp on the campus of Monterey Bay Academy, near San Jose, for "intensive participation designed to build a broader music appreciation spectrum in life."

The music camp is sponsored by the education department of the Pacific Union Conference of Seventh-day Adventists. Students from Adventist high schools throughout California and Arizona will be in attendance.

During the 11 days she will spend at the camp, Miss McCumsey will attend band, orchestra, choral, and instrumental sessions as well as vocal clinics, and seminars in music theory, piano and organ.

Evening sessions of the camp will be devoted to concerts by the students in which Miss McCumsey will be a participant.
